the fragrance machine

SCENT²

The easy to use cost effective answer to your fragrance needs

Brandaroma's latest innovation in fragrance delivery is the versatile Scent 2™. The scent unit efficiently fragrances an indoor area up to 50m² using fragrance bars that last up to 45 days and a built-in fan to propel the fragrance. The Scent 2™ is easy to run, safe to use and a low cost solution.

Complementing both modern and classic interiors, the Scent 2™ is available in black and ivory as standard colours, as well as custom colours on request. The fragrance bars can be manufactured in all fragrances including those using our extensive Odourfoyl™ technology.
