Scent:Uno™  
compact fragrance system

# Stronger, longer and further! Let Scent:Uno™ effortlessly and economically fragrance your space!

Brandaroma's portable and compact fragrance system Scent:Uno™ is capable of fragrancing an indoor space of up to 100m<sup>2</sup> for up to 2 months!

With a no-fuss, long lasting cartridge system delivering powerful quality fragrances, the unit can work alone or with multiple units providing a highly cost effective way to add another memorable dimension to your space!

The Scent:Uno™ is compact, quiet in operation, and with contemporary design to ensure a discrete addition to any environment and decor. The adjustable settings include a day/night light sensor mode to give you control for fragrance impact only when you need it. Power settings allow you to fine tune the strength. A remote control handset is provided for operational convenience.

The portable Scent:Uno™ unit is easy to install, and includes sturdy wall brackets and fittings should you need them. The unit will sit easily on a shelf or table too. Plug the supplied mains voltage transformer into a power socket and you're up and running! With no maintenance necessary and easy front access loading, cartridge replacement couldn't be easier when indicated to do so by the flashing LED front light.

The Scent:Uno™ fragrance system is perfect for small, or unusual larger space configurations where multiple units can be placed zonally for maximum effect. For point of sale, event, product launches or a more subtle ambient impact, choose Scent:Uno™!
